REMOTE SOCIAL MEDIA PROPOSAL

LOCAL CONTENT. CONSISTENT POSTING.

Planning, editing, graphics, and publishing for **3–4 local feed posts per week**, plus Stories to support club events. Sandy captures the footage; I turn it into ready-to-post content.

Built around corporate's local content expectations

The onboarding guide requires **at least 3 local posts per week, excluding corporate posts**. It calls for content that explains memberships and shows what playing at the club is like, short casual videos for local events and tournaments, and timely, behind-the-scenes Stories that invite responses.

01 Content calendar & reel ideas

A monthly content calendar with post ideas and shot lists. Each week, I'll source **2–3 trending reel concepts** suited to The Picklr, with reference videos and clear filming directions.

02 Editing & publishing

Edit supplied footage into reels with captions, music, and covers. Write post copy, then schedule and publish a mix of reels and static posts around Sandy's programming.

03 Flexible weekly content

Optional feed slots can feature a weekly club recap, event or clinic promotion, or relevant RSM / Fountain Valley content if desired and cleared for sharing. These fit within the 3–4 weekly posts.

04 Static posts & event Stories

Prepare static posts using approved Picklr assets and create Stories for event announcements, registration reminders, and timely updates, coordinated with corporate content.

How we'll work together

Sandy provides one point of contact, upcoming event details, and footage in a shared folder by an agreed weekly deadline. I handle planning, editing, and posting. The final content mix depends on footage and club priorities. Sandy continues to handle DMs and comments, which corporate also requires.
